

Top Gun Security Services
RE: Reference Letter
8/12/11

Dear Jeff,

As the Project Superintendent building a large healthcare facility in the Houston area, we hired Top Gun to oversee security for our building project. Only after two days on site, the Top Gun Officer apprehended four people breaking through the gate. County Officers had informed us other sites had been vandalized over the past few months, but they were not successful on our site.

We have continued having security for the past 3 months and they have done an incredible job keeping us secure.

Your officers on site have been very professional and kept me informed if there were issues on site, continuously patrolling interior and exterior of the building throughout the night. I never have to worry!

Great job Top Gun!

Rusty L
